< Node.js >
< MongoDB >
< Mongoose >
< jQuery >
< Axios >

< Fluent in Spanish >
< Musician >
< Adobe Xd >
< Adobe Photoshop >
< Ableton Live >

PROJECTS

What's Good

<https://whatsgood-v1.herokuapp.com/>

What's Good is a feature-rich MERN stack social media app for rating, reviewing, and sharing media. Complete with following, liking, commenting, messaging, and notification functionality. My key contributions: creating the home feed, liking functionality, and messaging feature.

ReeledIn

reeledin.herokuapp.com/

ReeledIn is a social media app for fisher folk built with JavaScript, jQuery, HTML5, CSS, MySQL, Node.js, Express.js, and Bootstrap. It was wireframed using Adobe Xd and utilizes the Google Maps API, FishWatch API, and Cloudinary API. My key contributions: saving and retrieving info from the Google Maps API, designing the UI, and profile picture functionality.

Employee Directory

reyesdmusic.github.io/Employee-Directory

Employee Directory is an employee management tool built in HTML5, CSS, JavaScript, with React.js.

WORK EXPERIENCE

Singer/Songwriter

(January 2007 - Present)

As a singer and songwriter I've gained experience in team-building, problem-solving, creative solutions, and familiarity with tools and software such as Adobe Photoshop, Adobe XD, and Ableton Live. Listen Here: <https://spoti.fi/3iej0bg>

Can Can Brasserie, Manager

(Oct 2010 - Jan 2013)

As a manager at Can Can, I was responsible for training and leading a front of house team, as well as scheduling bartenders and maximizing bar profits.

EDUCATION

University of Richmond

Full Stack Coding Bootcamp

Feb 2020 - July 2020

Florida International University

Voice Performance

2004 - 2007
